RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Power of Attorney

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request because:

- ☐ The person or people whom you would like to add was not listed in the Power of Attorney that was entered into the application (to add one or more patent practitioners a new power of attorney is required), or the registration number was omitted from the Power of Attorney (the name and registration number are required for a patent practitioner to be made of record).
- ☐ The Power of Attorney you provided did not comply with the new Power of Attorney rules that became effective on June 25, 2004. See 37 CFR 1.32.
- ☒ The Power of Attorney you provided did not designate the Customer Number to be used for the Power of Attorney. If you would like the Power of Attorney to be associated with the practitioners associated with the Customer Number, a new Power of Attorney must be provided revoking the Power of Attorney that has been established and clearly requesting that the practitioners associated with the Customer Number be used for the Power of Attorney. Note the format of the PTO/SB/081 and PTO/SB/082, which are available on the USPTO Internet web site (www.uspto.gov).
- ☐ The spelling of attorneys' names shown on the filing receipt must be corrected by contacting the Office of Enrollment and Discipline, (703) 306-4097.
- ☐ The filing receipt will only show up to 10 attorneys for the Power of Attorney, with the attorneys or agents with the lowest registration numbers being listed. If Power of Attorney

— was established before June 25, 2004 and more than 10 attorneys were appointed, the filing receipt will only show the 10 attorneys or agents with the lowest registration numbers, but all of the attorneys or agents on the Power of Attorney will be reflected in the Office's computer records and have been made of record. If 10 or fewer attorneys were appointed, all will be shown.

☐ Only one Customer Number can be designated for the Power of Attorney in an application.
☐ The Customer Number that was captured is the first Customer Number provided on the Power of Attorney document.

☐ The attorney requested is not available in the database. Please contact the Office of Enrollment and Discipline at (703) 306-4097 for more information.

☐ The attorney name that you are requesting does not match what was listed on your Power of Attorney. The registration number is the information that is captured from the Power of Attorney. To make this correction, you will need to revoke POA to the incorrect attorney and properly appoint the correct attorney.

Revised Power of Attorney Practice - 37 CFR 1.32
(Applies to powers of attorney filed on or after June 25, 2004)

As a result of a revision of the patent rules relating to powers of attorney, a power of attorney filed on or after June 25, 2004 must either appoint:

- a) One or more joint inventors; OR
- b) Those registered practitioners associated with a Customer Number; OR
- c) Ten or fewer patent practitioners, either in the power of attorney itself, or by a listing in a separate paper accompanying the power of attorney, as explained below.

See (newly established) 37 CFR 1.32(b) and (c), the text of which is as follows:

(b) A power of attorney must:

- (1) Be in writing;
- (2) Name one or more representatives in compliance with (c) of this section;
- (3) Give the representative power to act on behalf of the principal; and
- (4) Be signed by the applicant for patent (§ 1.41(b)) or the assignee of the entire interest of the applicant.

(c) A power of attorney may only name as representative:

- (1) One or more joint inventors (§ 1.45);
- (2) Those registered patent practitioners associated with a Customer Number;
- (3) Ten or fewer registered patent attorneys or registered patent agents (see § 10.6 of this subchapter) (patent practitioners). Except as provided in paragraph (c)(1) or (c)(2) of this section, the Office will not recognize more than ten patent practitioners as being of record in an application or patent. If a power of attorney names more than ten patent practitioners, such power of attorney must be accompanied by a separate paper indicating which ten patent practitioners named in the power of attorney are to be recognized by the Office as being of record in application or patent to which the power of attorney is directed.

The filing receipt reflects the power of attorney that has been entered for the application. If the power of attorney appointed more than ten patent practitioners, without reference to a Customer Number and without a separate paper indicating which ten patent practitioners named in the power of attorney are to be recognized, then no patent practitioner has been made of record.

How to take corrective action: Resubmit a copy of the power of attorney along with a separate paper indicating which (up to ten) patent practitioners named in the power of attorney are to be recognized by the Office as being of record in the application or patent to which the power of attorney is directed, or file a newly executed power of attorney in compliance with 37 CFR 1.32.

After receipt of such a submission, the patent practitioners listed on the separate paper or new power of attorney in compliance with 37 CFR 1.32 will be recognized as being of record. For additional information regarding this change in practice, see Revision of Power of Attorney and Assignment Practice, 69 Fed. Reg. 29865 (May 26, 2004); 1283 Off. Gaz. 148 (Jun. 22, 2004) and <http://www.uspto.gov/web/offices/pac/dapp/poafaqs.htm>.
